

STUDENTS' LOCKERS

We have 100 lockers available to students in two rooms. This is a very useful provision and you will appreciate that we would wish to allocate fairly and efficiently.

It has been our experience in the past that lockers are often abused or students are careless with keys. In order to avoid this happening we are requesting a £10 deposit for receipt of a key and the use of the locker for the year. At the end of the year if the locker is not damaged and the key returned, as instructed, we will refund the deposit.

Students will apply for the use of a locker by completing in full the form below - one form per family will suffice.

Lockers will only be issued on completion of this form.
